

SANDHURST

— PRIMARY SCHOOL —

27.11.17

This Weeks Learning:

In Maths we will be identifying 2D shapes and their properties. We will then go on to sort them by their properties using Venn and Carroll diagrams.

In English we will be continuing with poetry by studying both acrostic and shape poems. We will then write our own acrostic poem using the word 'Christmas'.

In History last week we came up with questions about the old toys we had seen from Cranbrook Museum. This week we will be using a variety of sources to answer the questions (Books and the internet).

During PE we will continue both Multi-skills and dance. The specialist teacher will be back in on Monday to deliver the multi-skills lesson!

In Science we will be investigating whether materials are man-made or natural.

In DT this week we will continue adding details to our puppets (features etc).

In RE we will be learning how Muslims celebrate Eid al-Fitr.

In Music we will be learning some of our Nativity songs and adding actions.

In PHSE we will be discussing several strategies and problem solving techniques to use when we have had a fall out with a friend.

In computing we will be learning how to de-bug the Bee-Bots!

Please do continue learning the Nativity songs and words with your children. As of Monday 4th December we would like to be rehearsing without scripts.
